# 2018 TASM & NFRA Conference

San Antonio, Texas

We are going to San Antonio and doing a joint conference with the National Foundation Repair Association in February and we'll be staying at the El Tropicano Hotel. For next year's TASM and NFRA are joining both our Annual Conferences at one site and sharing our educational classes which can apply to both groups. We are always looking for new topics as well as fun as we we join up with NFRA in February. We have already gone great lengths to ensure a fantastic line-up of new and joint educational topics, new speakers and an extra cool yard tour at Edgar Dodson's yard in 2018.. With the Tropicano Hotel we have a central location, millions of dollars in fresh renovations, affordable parking and maybe some of those good old margarita's. Great hotel rates of \$90 and a modernized hotel with all the creature comforts you're sure to enjoy yourself. As you look through this year's program take a moment to set aside enough time to network with TASM members, Associate members, vendors and try and wait to buy from our vendors during the show to support them. Many times... you can walk away after this conference and you will have made a new contact, a new friend or simply take a new idea home with you that will save you **time and money** all year long. The TASM 34th 2018 TASM Annual Conference can promise all of the above and more. Get signed up early online now before you spend all your Christmas money and we will see you again in 2018. **Get your hotel reservations in early since this is a DUAL conference event!**
